Subject: Post Primacy Aquifer Exemptions

All,

The following is a list of post primacy exemptions granted by Region 9. Each of these has a small file with a submittal from DOGGR proposing the exemption, some supporting documentation, and a letter from EPA approving the exemption.

There are three:

1. 12/4/85 (Covington) –“D” Sand, McCool Ranch Field
2. 7/31/09 (Strauss) – Tulare Formation, Asphalto Field
3. 7/12/09 (Strauss)- Aurignac, Continental Formations, San Ardo Field

If there are others, I do not see those records in our files.

Michele
